

You're the Lifeline, Each and Every Day

You have a life and death job to do and nothing less than Built Ford Tough will do for you.

You specified Power Stroke Diesel for your fleet because you want class-leading power, durability, and reliability.

You Ask a Lot of Your Vehicle

A part so important to your engine's cooling system should only be replaced with a Genuine Motorcraft NEW water pump. All components meet Original Equipment (OE) specifications and are made of the highest quality materials.

- It must be ready to go 24 hours a day, 7 days a week, 365 days, often in the worst conditions imaginable.
- It experiences long idling periods, mixed with maximum power runs.
- Your life-saving equipment places high loads on the electrical system.

Failure can be disastrous.

Keeping It Genuine Makes Genuine Sense

Power Stroke Diesel engine parts are the answer for your engine investment.

Choose genuine Ford/Motorcraft parts for maintenance and repair.

- Genuine Ford/Motorcraft parts come with an industry-leading 12 month/12,000 mile warranty on new and remanufactured parts and labor.
- Every component, from a single injector to a complete swing-in engine, carries the latest design and engineering breakthroughs.
- Every part is engineered and built to the most rigorous original equipment standards for fit, performance, and longevity.
- These critical parts are readily available from your Ford dealer.

Remanufactured Diesel Engine Components Warranty

Check Every Month

- Check function of all interior and exterior lights.
- Check air pressure and wear in all tires, including spare tire.
- Check engine oil fluid level.
- Check windshield washer solvent fluid level.
- Check and drain fuel filter/water separator.

Check Every 6 Months

- Check lap/shoulder belts and seat latches for wear and function.
- Check that externally-mounted spare tire is tight (see Owner's Guide).
- Check power steering fluid level.
- Check washer spray, wiper operation and clean all wiper blades (replace if necessary).
- Check parking brake for proper operation.
- Check and lubricate all hinges, latches and outside locks.
