Improve Diesel Engine Performance

Get New Power Stroke Diesel Fuel Additives

Poor quality diesel fuel can cause your diesel engine to run less efficiently and decrease your fuel economy. The new Power Stroke Diesel fuel additives improve your diesel engine's performance and protect it against the effects of poor quality fuel. Get the new fuel additives from Ford to boost power or help prevent gelling.

Both the Cetane Booster and Anti-Gel additives improve fuel economy and starting ability, and deliver smoother engine operation.

Cetane Booster & Performance Improver

- Boosts power
- Improves fuel economy
- Improves starting ability
- Smooths engine operation

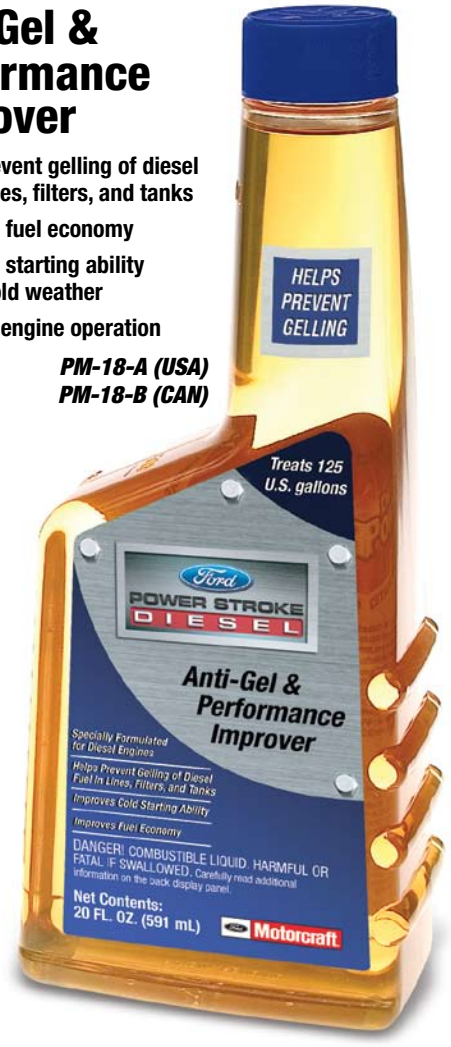

PM-17-A (USA)
PM-17-B (CAN)

Anti-Gel & Performance Improver

- Helps prevent gelling of diesel fuel in lines, filters, and tanks
- Improves fuel economy
- Improves starting ability during cold weather
- Smooths engine operation

PM-18-A (USA)
PM-18-B (CAN)

Each bottle treats 125 gallons!
